**3.6.3.** Counsel members on promotion/advancement requirements as appropriate: schedule promotion advancement tests for members affected.

**3.7.** *First line supervisors will:*

**\*3.7.1.** Identify specific core training needs for billets. Individual professional development requirements will be established by comparing the person's prior training, skill level, experience, etc., to the IDP. Make adjustments to training requirements in terms of skill, knowledge, and abilities necessary for mission accomplishment and professional development.

**\*3.7.2.** Estimate costs for training and professional development (separating tuition from travel and per diem costs). Forward to the directorate/DRE training coordinator/resource manager, as required. (This is normally accomplished during the update of annual training plans conducted within the directorate/DRE by training coordinators.)

**\*3.7.5.** Provide written justification when requesting training that is not on an IDP or when requested by TCJI-PT due to individual not meeting course prerequisite(s).

**3.8.** *Individuals* are ultimately responsible for their own professional development. All individuals are expected and encouraged to:

**3.8.1.** Assess personal strengths and career goals and plan self-development activities.

**\*3.8.2.** Keep their individual professional development plan accurate and up-to-date. Career development for employees shall be encouraged to the extent practicable. To this extent, an employee will be required to develop, with the assistance of their supervisor and TCJ 1-PT, an individual development plan.

**3.8.3.** Discuss training and professional development with supervisors on a periodic basis, but at least annually.

**3.8.4.** Take full advantage of training opportunities provided, and apply newly acquired knowledge and skills to the USTRANSCOM mission.

**\*3.9.3.** Ensure sufficient funds are programmed and available to pay for travel and per diem costs associated with training.

**\*3.9.4.** Certify in block 27, DD Form 1556, that funds are available when travel and/or per diem costs will be incurred or when a source other than TWCF will be used to pay for tuition. Sign block 29 on DD Form 1556.

#### **4. Funding:**

**\*4.1.** Funding/approval authorities differ regarding attendance at meetings of non-Government associations including technical, scientific, and professional societies. When attendance clearly meets a training objective, as determined by TCJ 1-PT, use of training funds may be appropriate. When attendance is not primarily for training, contact TCJA for guidance on appropriateness of attending at Government expense.

**\*4.2.** Funding sources for training vary. Generally, training required by/offered to a significant portion of the command population (e.g. Introduction to Defense Transportation (IDT), Microsoft Word, Excel, etc. provided by a contractor to USTRANSCOM, and on-site courses obtained by TCJ 1-PT) can be sourced from TWCF. Most training required for an individual to perform specific mission tasks (e.g. intelligence, transportation, medical) must be funded from the same source as funds the billet (e.g. GDIP TWCF, DHP, O&M).

**\*5 Continuing Education Units (CEUs). Training** classes procured from non-Government sources that are Government-funded, generally should provide CEUs. When CEUs are not awarded by the training source, TCJI will determine the appropriateness of spending Government funds to pay tuition costs.

### INDIVIDUAL DEVELOPMENT PLAN OUTLINE

USTRANSCOM individual development plan (IDP) will be divided into four categories as outlined below. All training plans will be standard across the command to the greatest extent possible. It is the *supervisor's responsibility* to identify training needs of their employees and develop the JDP.

The four categories of training in an TDP are:

**\*CORE:** Critical/mandatory for employee to perform mission-related duties. (Incumbent cannot perform duties without the knowledge/skills learned during this training). Must be accomplished within 12 months of assignment to current position at USTRANSCOM or waived by self-certification, completion at previous assignment, or on-the-job training.

**PROFESSIONAL:** Not critical/mandatory but mission-related training to further enhance employee's skills within their directorate/DRE.

**CAT:** Training directly required for employee to augment the crisis action team.

**RECURRING:** Technical, proficiency training required to maintain certification/license and mandatory, non-job related training (e.g., EBO Awareness, Security Training, Suicide Prevention).
